TRAINEES FROM ILLINOIS WILL GO TO CENTERS

State Director Thinks the First Call Will Be for About 4,500

Chicago, Oct. 12.—(AP)—Between 4,000 and 4,500 Illinois men probably will be in the first call for compulsory military training, believes Paul G. Armstrong, state director of selective service.

The estimate of 6,000 men to be conscripted from Illinois based on Washington reports that the national quota would be reduced from 400,000 to 100,000.

Explaining that credit was given for enlistments, Armstrong asserted it was indicated unofficially that the number of draftees would be considerably under 6,000. To supply the needed number of men, he added, some 20,000 registrants would have to be examined, to make allowances for deferments and physical disqualifications.

The men selected will be sent to one of four induction centers—Chicago, Peoria, East St. Louis and Salem—and thence to the army reception center at Fort Sheridan.

Armstrong said today that labor, industry, medicine, and agriculture would be represented on boards of appeal to be established under provisions of the selective service act.

One board of appeals will be created for each 20 local three-man selective service boards to rule on appeals from actions of the local boards.

"Selective service regulations specifically require that all boards of appeal shall have one member from labor, one from industry, one lawyer, and, where applicable, one member from agriculture," Armstrong said.

FIRST CALL IN NOVEMBER

Washington, Oct. 12.—(AP)—Estimates of the number of military trainees to be supplied by each state on the first draft call were being completed today by selective service officials.

The figures, to be announced soon, will be used when the first call to arms under the conscription program is sounded, probably in mid-November. Sub-divided within the states, they will decide the number of draftees to be furnished by each of the 6,500 conscription areas in the country.

Officials reported that the estimates were based on the number of men expected to be eligible for service in each state, with a credit to each for its share of the 1,015,471 regulars and reserves of the present army, navy and marine corps.

In this connection, enlistment figures were made public showing that New York, the most populous state, has an estimated 77,351 men now serving in the nation's fighting forces, with Pennsylvania second at 68,299 and California, third, at 66,666.

Added to these to make up the 10 states ranking highest in men in service were Texas, 64,430; Illinois 48,484; Ohio 37,030; Massachusetts 36,858; North Carolina, 29,211; Georgia 28,616 and Kentucky 28,379.

Questionnaire Ready

An eight-page questionnaire designed to produce exact information on eligibility was made public by selective service officials last night. Having it filled out will be the third big step in draft procedure—the first being registration October 16, and the second being the draft lottery to be held here, probably some day in the week of October 21.

The lottery will determine the order in which registered men become subject to call. The questionnaire, sent out as each call is issued, will provide officials with the information on which to order men to active service and defer others.

Subjects covered by the questions range from name and address to physical, mental and moral fitness for military service and such matters as conscientious objection. There are 60 questions, some having more than one part, but not all will have to be answered by any one prospective trainee.

Oregon Youth Hurt in Woosung Accident

Harold Martin, 19, of Oregon, received severe head injuries at about 1 o'clock this morning when a car driven by Avery Heather, also of Oregon, took the turn near the Frank Wilson farm at Woosung too swiftly, left the pavement and turned over several times. Heather was uninjured and Martin is a patient at the Katherine Shaw Bethel hospital in Dixon, where it was planned to take x-ray pictures today to determine the extent of his injuries. State Policeman Edward Mahan of Dixon investigated the accident and had the injured youth taken to the hospital.

Election Judges

In compliance with an order from Gov. John Stelle, Lee county Clerk Sterling Schrock has called a meeting of ALL election judges in the county in the circuit court room at the court house at 7:30 o'clock Monday evening, to receive instructions and information concerning registration of men eligible to selective service next Wednesday. It is hoped supplies will have been received in time for distribution at this meeting, Mr. Schrock said. Registration places will be announced in Monday evening's Telegraph.

39 State Charge Government with Invading Powers

Washington, Oct. 12.—(AP)—The attorneys general of 39 states contended today before the Supreme Court that the federal government, in seeking to regulate power projects on non-navigable streams, was attempting "fundamental and far-reaching invasion of the powers reserved to the states" by the constitution. They argued that the government was attempting "to accomplish through the courts what should be accomplished only by amendment of the federal constitution."

The brief specifically challenged the right of the Federal Power Commission to regulate the Appalachian Electric Power Company's hydro-electric project on New river near Radford, Va. Arguments will be heard by the court Monday on the controversy.

The attorney general asserted that if the federal government were permitted to proceed, "similar encroachments upon the powers of the states with respect to other internal resources of the states may be expected to follow."

They argued that such action would deprive the states of "large tax revenues."

The brief said the position of the federal government in the case was "in complete and irreconcilable conflict with the constitutional powers and proprietary rights of the states in relation to the development of their own natural resources and particularly in relation to the development of their waterpower resources."

Roosevelt on Air at 8 O'clock This Evening

Aboard Roosevelt train enroute to Dayton, Ohio, Oct. 12.—(AU)—President Roosevelt pushed deep into Ohio today to arouse up his knowledge of "how this great defense program of ours is going" as a prelude to a radio address to all the western hemisphere on preparedness.

He was to speak tonight at Dayton at 9 p. m. (8 p. m. C. S. T.) over all domestic networks and by short wave to Latin America.

In a grave period of war and world chaos he selected Columbus Day to amplify, aides said, the theme of "all for one and one for all" to inter-American relations and to report on what his own country is doing to make itself invulnerable.

Immediate background of the address was a tour of defense factories in Pennsylvania and Ohio.

EARTHQUAKE RECORDED

New York, Oct. 12.—(AP)—Examination of the Fordham University seismograph today showed that a "very severe" earthquake had occurred yesterday about 5,700 miles from New York, in an undetermined direction.

The first shock occurred at 1:53.37 p. m. (12:53.37 p. m. C. S. T.) and the second at 2:03.57.

End of a Coyote

Tonopah, Nev., Oct. 12.—(AP)—Mrs. Emery Garrett discovered a coyote among her turkeys.

"Shoo" she yelled. The animal shooed—right through a window and into her house.

Harry Lewis, a nephew, took up the chase. Running into the bathroom, the coyote spotted another window, jumped but missed.

Harry shot the bewildered animal before it could clamber out of the tub.

Smear Technic Revived by Master Michelson for Use on Win Willkie

By GEORGE VAN SLYKE (New York Sun)

The famous smearing technic first introduced into presidential elections in the Hoover campaign eight years ago by Charles Michelson has been adopted by the Democratic National Committee as the motivating factor in the Roosevelt third term candidacy.

Edward J. Flynn, chairman of the National Committee is sponsoring that method of campaigning in the attempt to re-elect Mr. Roosevelt and the system is being operated out of the headquarters in the Biltmore Hotel under the personal and skillful supervision of Mr. Michelson, its author and master.

EXPECT STORM TO CONTINUE OVER STATE WAGE ACT

Court Ruling Does Not End Contest of Pay to Firemen, Policemen

Springfield, Ill., Oct. 12.—(AP)—The storm apparently was not yet over today for the 1937 firemen's policemen's minimum wage act, despite a state Supreme court ruling which yesterday put a "void" stamp on the Rhodes referendum amendment to the law.

The prediction that "reaction" to the court's decision "may be so great that the legislature will want to repeal the wage acts altogether" was made today by A. D. McLarty, executive secretary of the Illinois Municipal League.

McLarty said the result of the decision would seriously "embarrass" many of the 58 cities affected by the wage law because only about 20 of the municipalities were able financially to pay the minimum wages "without difficulty."

Cities affiliated with the league will seek "remedial legislation" when the legislature convenes in January, McLarty predicted.

The law requires cities of from 10,000 to 25,000 population to pay their firemen and policemen \$150 a month, and cities of from 25-

Latest Smear on Willkie Attacked

New York, Oct. 12.—(AP)—A pamphlet headed "Democratic Campaign Facts—1940" which calls attention to Wendell L. Willkie's German ancestry was termed a "low smear" today by Samuel F. Pryor, Jr., eastern Republican campaign manager.

It also drew the condemnation of New York's Democratic lieutenant governor, Charles Poletti.

Alan Valentine, director of the National Committee of Democrats-for-Willkie, asserted that the pamphlet, which bore the further heading, "Speakers Bureau, Colored Division, Hotel Biltmore, New York City," was being furnished "to Roosevelt campaign workers for the purpose of circulating x x x and malicious charges."

"I do not care to comment on as low a smear as comes from the New Deal committee," Pryor said in a statement issued at Republican headquarters, "but I'll wager any odds that no American negro ever devised such a smear."

Poletti said that any attacks on Willkie because of his German ancestry "deserve the condemnation of every right-thinking citizen of this country."

Referring, without naming Willkie, to the Republican presidential candidate's contention that he was the object of a whispering campaign based on his ancestry, Poletti said: "We know that Americans of German extraction have demonstrated their true allegiance and to report on what his own country is doing to make itself invulnerable."

Immediate background of the address was a tour of defense factories in Pennsylvania and Ohio.

Will Send Liners to Evacuate Americans From Seething Orient

Washington, Oct. 12.—(AP)—Secretary Hull said today that the liners Washington and Manhattan would be sent to the Far East to evacuate Americans as soon as the vessels could be placed in commission. Both are being overhauled.

The secretary of state added at his press conference that there were now five American passenger vessels in Far Eastern waters, as well as some freighters. Efforts were being made, he said, to locate other ships in the Far East which could be used to evacuate citizens from Japan, China and other Oriental countries.

In answer to a question, Hull said he had no information concerning reports from Shanghai that Japanese military forces were planning to occupy the International Settlement and French concession there after Great Britain re-opened the Burma road.

ing from the national headquarters is perfect exemplification of how the system works and once again it appears to be serving useful purpose in what otherwise would be a difficult if not embarrassing position in which the third termers find themselves. The plan is simple, like this:

Concede nothing to the opposition; answer no attacks; defend nothing done by the New Deal administration and concentrate everything on abusing and ridiculing Mr. Willkie and the Republicans all down the line, charging them with every crime known on the political calendar.

ROCK FALLS BOY KILLED LAST EVE ON WAY TO GAME

John Fisher 14, Meets Death on Sterling-Polo Highway

Tragedy overtook three Rock Falls youths on their way to Polo to attend the Rock Falls Polo high school's football game Friday evening, when the car in which they were riding crashed into a stalled truck on the blacktop Polo-Sterling road two miles north of the intersection with U. S. route 30, killing John Fisher, 14, and injuring William Wuebben, 18, and Ronald Halverson, 11.

Wuebben suffered a skull fracture and several fractured ribs and Halverson suffered lacerations about the face.

Hits Stalled Truck

According to state highway police officers who investigated the accident, Wuebben was driving the automobile. He had just passed another machine and was pulling over to his own lane when his car struck the rear end of the truck. The truck driver, Irvin Noonan, Sterling, had gone to a nearby farm house for aid in repairing his stalled machine, police reported.

Fisher was pronounced dead upon arrival at Sterling Public hospital and his body was taken to the Wheelock funeral home in Rock Falls. Wuebben is a patient at the Public hospital and Halverson is confined to Sterling Home hospital.

Fisher was a freshman at Rock Falls high school and a member of the school band.

Reception Center at Camp Grant Planned for Medical Recruits

Washington, Oct. 12.—(AP)—Construction of replacement and recruit reception centers at Camp Grant, Ill., for the training of medical troops elected by conscription is being planned by the war department.

The department, in announcing plans for replacement and reception centers, said the capacity of the Camp Grant project would be 7,000 men.

Conscripted men elected for the medical troops will be concentrated at Camp Grant for a basic training period of about 13 weeks and then transferred to various posts.

The replacement centers, the department announcement said, are establishments in which recruits are given basic training in the branch of the service to which they are assigned after classification at the recruit reception center.

The army estimated \$275,000 as the cost of a typical 1,000-man reception center.

15 Cents Added

Chicago, Oct. 12.—(AP)—A circuit court jury awarded Mrs. Bernice Peacock, 34, a judgment of \$1,000.15—15 cents more than she asked for in her suit against a chain store.

She complained that a clerk accused her of stealing three tomatoes which she had purchased at another store. In the ensuing tussle the tomatoes were squashed. She sued for \$1,000, the charges including false arrest, false imprisonment and slander.

The jury awarded \$1,000 for embarrassment suffered and 15 cents for the loss of the tomatoes.

JOHNSON FOUND GUILTY IN TAX EVASION ACTION

Alleged Gambling Czar and Five Aides Face Prison Terms

Chicago, Oct. 12.—(AP)—William R. Johnson, pictured by federal prosecutors as the overlord of Chicago's organized gambling, was convicted today on charges of evading income taxes.

Five of eight co-defendants were convicted on charges of aiding Johnson in his efforts to defraud the government of \$1,887,864 in taxes on a 1936-1939 income of \$3,377,615.

The jury deliberated the case 12 hours. Johnson was convicted on all five counts lodged against him, as were Jack Sommers, James A. Hartigan, John M. Flanagan and William P. Kelly.

Conviction on five counts makes them liable to a maximum prison term of 22 years and a \$10,000 fine. Stuart Brown, another defendant, was convicted on two counts while Edward Wait, Andrew J. Creighton, and Reginald MacKay were acquitted.

The eight co-defendants of Johnson were accused of being fronts for him in the operation of gambling resorts. Prosecutors charged they endeavored to cover up Johnson's sources of income.

Judge John P. Barnes set Oct. 17 for arguments on a motion for a new trial and allowed the defendants to remain at liberty under bond.

5 Weeks of Testimony

Before taking the case yesterday afternoon the jury had listened to five weeks of testimony which opened the lid on the city's gambling industry.

Prosecutors told the jury that Johnson started out 20 years ago as a small time gambler in a small handbook and finally wound up as "czar" of Chicago gambling with a system rivaling the federal reserve bank.

Johnson testified that he was a crap shooter by profession, admitted owning the real estate under some of the gambling spots, but denied ownership of the establishments. His activities, he said, were profitable. For example,

Turkey Looks to Russia for Hint in Rising Crisis

The War Today!

BY DEWITT MACKENZIE

With Hitler's military occupation of strategically-placed Rumania, we can say that the great axis offensive in the battle of the Mediterranean is under way, and that the Nazi Fuehrer has scored a vastly important success.

He has by a series of crafty political schemes and threats and without firing a shot—secured a vital military, air and naval base for further operations in the bloody struggle which is beginning.

But what is of even greater moment is the fact that he has at the same time acquired outright the Rumanian oil which will act like a blood-transfusion on his waning supplies. Without oil the modern military machine cannot run, and Germany's acquisition of this supply is a hard blow to Britain.

I dare say this was one of the developments which British Premier Churchill foresaw in his grim prophecy before the House of Commons early this week:

"Long dark months of trial and tribulations lie before us. Not only great dangers but many more misfortunes, many shortcomings, many mistakes, many disappointments, will surely be our lot."

That this new offensive is going to produce "trial and tribulation," not only for England, but for the other fellows as well, there can be no manner of doubt. It is going to be a fierce and desperate struggle which is likely to drag numerous other countries in as a matter of preservation.

As the conflict starts to rumble down through the Balkans—that cockpit of southeastern Europe which has been a battleground for untold centuries—one of the most significant developments to my mind rests in that Turkish official broadcast last night, warning the Germans that any attempt to make a thrust across Turkey and Syria would be met with "very strong resistance."

"This road across Anatolia," the Turks served notice, "is guarded by 2,000,000 bayonets."

Body of Detroit's Gun-Toting Jurist Is Found in River

Detroit, Oct. 12.—(AP)—Two duck hunters found the body of Common Pleas Judge Robert E. Stage, sought for murder in connection with the fatal shooting of two business associates in his chambers in the county building, on an island in the Detroit river today.

Judge Sage had drowned and the body had washed ashore.

Identification was made through a key found in Sage's pocket and through a tailor's label in the suit worn by the drowned man. The key was to the hotel room of a friend of Sage from which the gun used in the double killing was taken.

Judge Sage had been sought since Oct. 1 on a murder warrant in connection with the deaths of Ralph and Alfred Nadel. Police learned that he obtained the gun allegedly used in the shooting from a friend's room, approximately four hours before the tragedy.

Chief of Detectives Paul A. Wencel said today he believed that Judge Sage arranged the meeting October 1 with his three associates with the idea of "doing some shooting."

Maurice D. Smiley, an attorney, was wounded during the shooting.

Dragging European War Into Coming Election Is Reckless Act Says Willkie

En Route with Willkie to Albany, N. Y., Oct. 12.—(AP)—Wendell L. Willkie criticized the Roosevelt administration today as "defeatist" and argued that such a government "can never win any battle against unemployment or against any foreign foe."

Willkie moved eastward through Massachusetts today after calling the New Deal "an irresponsible government."

He asserted last night in Boston that President Roosevelt "says that Hitler and Mussolini would like to see him defeated this November. He does not say this directly x x x. He insinuates it. He leaves the real job for his hand-picked candidate for vice president and his hand-picked governor of New York."

"Dragging the European war into our domestic elections is not a responsible act. It is a reckless one,"

Germany's Drive to East Causes Uneasiness

By The Associated Press

Truckloads of steel-helmeted Nazi infantrymen rumbled through the streets of Bucharest today as German military penetration of Rumania expanded, and anxious Turkey, ready for war, looked towards Moscow for soviet reaction to Germany's drive to the east.

In western Europe, the battle of Britain went on in the air and on the sea. Nazi warplanes roared across the channel against London and a German torpedo boat flotilla was reported to have fought an engagement off the Isle of Wight with British submarines, torpedo boats and destroyers.

The presence of the German troops in Bucharest gave the impression of Nazi occupation of the capital. Planes roared overhead, and the swastika was unfurled at many hotels.

The official Turkish radio declared last night that "the Balkans and even soviet Russia are on the brink of unexpected war."

Prompt Break Expected

At the same time German sources in Bucharest said the establishment of an axis air patrol over Rumania's closely-guarded oil fields once again had seized the initiative from the British, and predicted a prompt break in relations between Rumania and Britain.

The implication was that the Nazis acted because of a belief Britain had designs on rich oil supplies now under the wing of the German air force.

Nazi airmen attacking London reported today that huge fires were raging in the city, but British dispatches said the German attacks lacked the intensity of previous assaults although 36 areas of the capital were bombed.

Cross-Channel Fighting

London's overnight all-clear signal sounded about 2:30 a. m.

RAF planes struck through fog into Germany and at Nazi bases on the French side of the English channel, co-ordinating their attack with British long-range guns which engaged in a duel for more than three hours last night and today with German batteries. Flashes from the opposing guns ripped along the Dover and Calais area in the longest cross-channel bombardment of the war.

Britons continued to leave Rumania for Turkey and Greece as those countries anxiously watched the movement of German troops into Rumania.

The Turkish official radio discounted Germany's explanation that her troops were to guard Rumanian oil fields and frontiers as "insufficient reason," and warned that 2,000,000 Turkish troops stood between the Nazi troops and Britain's Near-Eastern defenses—if that is the axis goal.

Greece closely watched her Albanian border where thousands of fascist troops have been concentrated.

With the departure of the last British national from Rumania, severance of British-Rumanian diplomatic relations was expected.

The pro-Nazi Rumanian government began selecting Iron Guard members to take complete control of the American-owned Rumanian Telephone Company in a program to place all foreign-owned companies in the hands of Iron Guard directorates.

Americans in Japan, advised to leave the Orient held possessions for sale and made shipping arrangements.

French Monument to Negro Soldiers Has Been Blasted Down

Berlin, Oct. 12.—(AP)—France's monument of gratitude to her Negro soldiers for services in the World War has been blasted on German orders, authorized sources disclosed today.

The "Monument aux Noirs" on Avenue de Châlons at Reims, was regarded by the Germans as an insult to the white race, it was said. The monument was a bronze group of Negro soldiers gathered about the French tricolor.

The inscription read: "Aux Héros de la Armée Noire—to the heroes of the black army."

In the cornerstone was a document dated Oct. 29, 1922, in which public thanks was given the black soldiers for helping "liberal, motherly France" in her struggle, and among the signers was General Andre Maginot, builder of the Maginot line.

ALL SCHOOL PARTY

Friday of last week will go down in Wildcat history as a memorable day for the freshman class was officially inaugurated into the ways and life of the Wildcat campus. The sturdy male foes of the Green Horde vaulted into their academic pursuits Friday morning with full feminine regalia inclusive of eyebrow pencil, lipstick and rouge; while the "wee" winsome lassies of the misused group meandered in with masculine attire of overalls, pants,

shirts and etc. There was a slight distraction in the normal routine but the upper-classes adjusted themselves to the oddly adorned "Fresh" and the day moved along.

About seven p. m. the "freshies" wandered down towards Kersten gym where the seniors promised them an honorary party (the gullible suckers) but they soon found much to their bewilderment what the majestic senior meant by "honorary." The Greenones were forced through many situations of embarrassment, every known shock to mankind and worst of all the levity of the sarcastic upper classmen. However the evening progressed with no fatalities; which wasn't, however, the previous belief of the freshmen.

Gertrude Unger served as master of ceremonies for the evening and the following program was presented: Charles Baker and Donald Bennett in a humorous musical which aroused enthusiastic applause. Nettie Wallace, Mary Torti, accompanied by the guitar by Darlene Fair presented a voice trio, a melo-dramatic pantomime with Wayne Shaulis, Richard Yingling, Lois Hullah, Rosemary Peterman, Maxine Kelley, and Gertrude Unger; Vivian Miller and Lois Hullah with the sax and piano played a medley of modern melodies; and the evening was concluded with dancing and refreshments.

P. T. A. MEETING

The second P. T. A. meeting will be held Tuesday evening October 15 at 7:45 in the Kersten Gymnasium. Lowell Trottnow will show motion pictures taken by several people of Franklin Grove while on trips in the United States.

The pictures will be preceded by a business meeting and then group singing which will be led by Mrs. Black.

FRIED CHICKEN SUPPER

The ladies of the Methodist church will serve a fried chicken supper in the basement of the church Thursday evening, October 17. Serving will begin at 5:30. The menu will be fried chicken, mashed potatoes, gravy, candied sweet potatoes, buttered lima beans, cabbage salad, coffee, rolls, pie, pickles and jelly. The committee having the supper in charge is composed of Mrs. Abram Gilbert, chairman, Mrs. Robert Crawford, Miss Bertha Zoeller, Mrs. Carl Sunday, Mrs. Frank Butler, and Mrs. Ruth Kelley.

COMPLETELY SURPRISED

Mrs. Rose Senger who was quietly celebrating her birthday anniversary Tuesday was completely surprised when a group of friends walked into her home with well filled baskets for a scramble supper. Those in the group were Rev. Mr. and Mrs. Louis Grafton, Mr. and Mrs. Frank Senger and daughter, Miss Helen, Mr. and Mrs. Maurice Cluts, Mr. and Mrs. Henry Dierdorff, Mr. and Mrs. William Crawford, Mrs. A. W. Crawford, Mrs. Virgie Crawford, Mrs. Bessie Schafer and son, John Adam. After supper games were enjoyed. Mrs. Senger was given a handkerchief shower. Mrs. Senger has lived her entire life in this place and has many friends who will wish for her many more happy birthdays.

RANDOM SHOTS

Basketball—Coach Mitchell has called a meeting this week of all boys interested in basketball. The first game is scheduled for Nov. 8 at Rollo.

Baseball—A good crowd was out to watch the final baseball game on Tuesday afternoon. Our boys played Forrester. We lost the game as a result of one bad inning, after having been in the lead during the first part of the game.

Indian Program—Wednesday morning a Wenatchee Indian spoke in an assembly program. He spoke about the Indian Life, the Indian's ideas and ideals, and briefly concerning his own life story. He has charge of revival services each evening at Ashton this week.

Faculty Play—Rehearsals are going on steadily for the play, "Love a la Carte", which will be given by the faculty on October 25. The teachers are proving to be quite as adept in the acting profession as in their own. The story centers around Mr. and Mrs. Huff who bring natives from Ecuador and Iceland respectively, to their homes in Boston. Many humorous situations ensue.

BASEBALL NOTES

By defeating the Franklin softball team Tuesday afternoon on the local diamond by a score of 10-3, the Forrester high team ended the season in a tie for the championship of the Route "72" league. Each team won 4 games and lost 2. The tie will be played

off on a neutral diamond at a later date.

The Wildcats ended their first season in softball competition with a record of 5 losses and 1 win. The lack of experience was a handicap in participating with these schools that have participated in this sport for a number of years.

The results of the Forrester game were: R. H. E.
Franklin Grove 7 3 3
Forrester 16 10 1

ATTENDED MEETING

Mrs. Louis Grafton, Mrs. Henry Dierdorff, Mrs. Willis Reigle, Mrs. Lewis Myers and Mrs. Arthur Heinzelman motored to Princeton Wednesday where they attended the Woman's Presbyterian meeting of the Presbyterian church.

BASKETBALL PRACTICE TO START

The first meeting of the basketball boys will be held Friday morning. Preliminaries will be handled getting everything in readiness to start practice the first part of next week.

The material is above average this year and barring unforeseen difficulties should develop into a fine team. The boys are pepped up to go to work and practice will start with some fine enthusiasm.

The first game for the team will be Nov. 8 at Rollo. Nov. 10 will mark the first appearance of the Wildcats on the local floor when they meet the Lee team.

Now that baseball is a closed book on the list of this year's athletic activities, the student body and public will be looking forward to basketball to provide thrills and really fine entertainment.

Mrs. Minnetta Moore reported on the flower show held in connection with the fall festival, a balance of \$20.40 was turned over to the club treasurer.

Mrs. Margaret Patterson announced the Lee County Fall meeting would probably be held in Dixon, October 31st in the new Loveland Community building, with both Republican and Democratic speakers. This meeting will be open to the public. A complete program will be given later.

WCTU Convention Held Wednesday Interesting One

The 46th annual convention of the Lee County W. C. T. U. met in Dixon on Wednesday, October 9th in the Brethren church. It was an all day meeting and while the attendance was not large, owing to other meetings being held at the same time, the interest and inspiration were of a high quality. The county president, Mrs. Elizabeth Blocher, presided at all sessions.

The morning session opened with singing, "O, Master, Let Me Walk With Thee." Devotions were led by Mrs. C. P. Tibbets of Dixon, using the 146th Psalm—"The 'Crusade Psalm'." Mrs. S. L. Cover of Franklin Grove led in the Salute to the Flag. The recording secretary, Mrs. Tibbets, read the minutes of the last annual convention held in Amboy a year ago, and the two Executive Board meetings, one held in November, 1939, at the home of Mrs. Edith Fell in Amboy, and the other at the home of Mrs. Tibbets in Dixon, in July, 1940.

Short reports were given by the directors of departments present, and while all were agreed that more should have been accomplished along all lines, the general opinion seemed to be that in many cases a time of study and preparation is needed, and that after that we should be ready to unite in thorough and complete co-operation for the task ahead. Reports from local Unions represented were given next, and they showed a good interest and a healthy growth in activities, even if not spectacular.

Election of officers was next on the program. Miss Helen Peters of Dixon and Mrs. S. L. Cover of Franklin Grove were appointed as follows: President, Mrs. Elizabeth Blocher, of Franklin Grove; vice president, Mrs. S. L. Cover of Franklin Grove; recording secretary, Mrs. C. P. Tibbets of Dixon; corresponding secretary, Mrs. Elizabeth Sunday of Franklin Grove.

Noon-time prayer, a vital part of individual and group activity of the W. C. T. U., everywhere was led by Mrs. Mary Stock, of Dixon. The session then was adjourned and after greeting the guest speakers of the convention, Mrs. Munn and Mrs. Langell of Evanston, Ill., and Mrs. Margaret Patterson of Dixon, the afternoon session opened with singing "Let the Beauty of Jesus Be Seen in Me," and prayer led by Rev. Knapp.

The business session of the convention which had been postponed from the morning session was then taken up. The report of the treasurer, Miss Helen Peters, was read and accepted. It is a rule of the W. C. T. U. that a delegate be selected to go in her place. The county vice president, Mrs. S. L. Cover, was the unanimous choice of the convention. The state convention will be held in Sparta, Ill., October 15 to 18. All W. C. T. U. members and visitors will be welcomed.

Mrs. Blocher then gave some very interesting facts concerning the National W. C. T. U. convention held in Chicago in August, which she attended as a delegate. She stressed the great inspiration coming to those privileged to attend such a meeting—the fine spiritual atmosphere, the spirit of love and sisterhood prevailing in the fine group of women who come together from all parts of the nation. Mrs. Hobbs in a few well-chosen words, then presented Mrs. Blocher a beautiful bouquet of flowers as a token of love and appreciation and a promise of better co-operation and help in the future.

Then came the part of the program which all had been anticipating for several weeks, the presentation of Evanston, Illinois, the treasurer and devoted worker in the National and World W. C. T. U. It is not often that Lee county has the opportunity of meeting and listening to so outstanding a woman in her field of work, and

Miss Phillips, Mary Spangler, June Stultz, Maud Taylor, Misses June Hatch and Cara Schafer. Delicious refreshments were served by the hostesses for the afternoon, Mesdames Anna Buck, Dorothy Hatch, Josephine Watson, Verda Blocher, Mae Burhenn, Ida Lott, Myrtle Emmert, Lucy Ives and Kathryn Herbst.

The club has a membership of 82 members this year. 62 of these answered to roll call at this meeting, try and increase this number until we have a perfect attendance. Two guests were also present.

her address was enjoyed to the utmost. She spoke first of the fine hospitality extended by the Illinois W. C. T. U. to the National convention, then impressed on her audience the importance of the local Unions, each one a little nucleus for temperance work in the community, through education of its people concerning alcohol and its effects; banding together of its children and young people for study and discussion of the subject; Co-operation with schools, churches and pastors along these lines. "Do you know that for every \$2 spent for education in this country, there are \$3 spent for liquor?"

She urged that every individual member should do some one thing to help—not just "belong" and be satisfied with that. Study the literature provided so generously, learn the facts, and be able to talk intelligently. And above all, always remember that prayer supplies the divine spark which makes it all effective."

Mrs. Adella Langill of Evanston who accompanied Mrs. Munn on her trip to Dixon, was then introduced and spoke a few words to the convention. She is the newly elected editor of the Young Crusader, the children's paper, and she won the hearts of all present. She has a 5-year plan—to double the subscription list of the paper—and spoke for the co-operation of every member of the W. C. T. U. and every friend of the children.

Rev. Helen Peters sang very beautifully, "All Things in Jesus I Find," and the meeting was adjourned till the evening session. The president called the executive board together to appoint the county directors of departments, with the following results:

1. Christian Citizenship, Miss Callie Morgan, Dixon.
2. Evangelization and Religious Education, Rev. Helen Peters, Dixon.
3. Flower Missions and Relief, Mrs. Edith Fell, Amboy.
4. Literature and Publications, Miss Flora Seals, Dixon.
5. Publicity, Mrs. Elizabeth Sunday, Franklin Grove.
6. Speech Contests and Music, Mrs. S. L. Cover, Franklin Grove.
7. Temperance and Missions, Mrs. C. P. Tibbets, Dixon.
8. Scientific Temperance Instruction, Mrs. O. D. Buck, Franklin Grove.
9. L. T. L. and Y. T. C., Mrs. Oona Hobbs, Dixon.

The evening session opened with singing, "Lead On, O King Eternal," and devotions led by Rev. Thompson.

The convention voted approval of the Executive Board's selection of directors of departments. After the singing of "God Bless America," led by Rev. Peters, accompanied by Mrs. Ada Underwood of Dixon, the pianist of the convention, Mrs. Munn again addressed the convention on the question "What is in thy hand?" which was asked of Moses centuries ago. His answer was "A rod," and she gave for the W. C. T. U. five answers: 1. A rod of prayer; 2. A rod of education; 3. A rod of influence; 4. A rod of money; 5. A rod of citizenship. She stressed the thought that every person interested in the welfare of others can use one or more of these means to help; also that even a few earnest workers, united in purpose and service, "can set the world on fire."

Two songs, "Savior, Like a Shepherd Lead Us," and "Think of Others," were sung by Janet and Audra Miller, daughters of Mr. and Mrs. Leroy J. Miller of

Mendota Couple Is Married at Catholic Church

Miss Patricia Guilfooy, daughter of the Martin Guilfoyses of Mendota, and William Leiser, youngest son of the William Leisers, also of Mendota, were married at 9 a. m. today at the Holy Cross Catholic church in Mendota. The Rev. Father Leo Wissing pronounced the vows.

The bride wore a rosewood suit trimmed in mink, with brown accessories. Gardenias formed her corsage bouquet. Mrs. Milton Kenate of Forrest, Ill., as her sister's attendant, chose a suit of silver blue wool, with a corsage of Talisman roses.

Richard Leiser was best man for his brother. Ushers were Harold Sontag and Eugene Guilfoyle.

A wedding breakfast was served at the Hotel Faber for the bridal party and the immediate families. Afterward, Mr. and Mrs. Leiser left on a wedding trip.

Both Mr. Leiser and his bride were graduated from Mendota Township high school. Mrs. Leiser is employed as bookkeeper at the Purity Ice Cream company, and the bridegroom is with the Mendota Reporter.

The couple will reside at Mendota.

GEORGE WASHINGTON SAID:

"Excessive partiality for one foreign nation and excessive dislike of another cause those whom they actuate to see danger only on one side, and serve to excite to the danger only the arts of influence on the other. Real patriots who may resent the intrusions of the favorite are liable to become suspected and odious, while its tools and dupes usurp the applause and confidence of the people to surrender their interests." From the Farewell Address.

An Editorial by F. D. R.

"We all know that our own family credit depends in large part on the stability of the credit of the United States . . . What used to be analogous to the old-fashioned account book that all the family could understand, has become in Washington a maze of intricate, double-entry bookkeeping which only a highly trained accountant could possibly understand.

"Now the credit of the family depends chiefly on whether the family is living within its income. And this is so of the nation . . . if, like a spendthrift, it throws discretion to the winds, is willing to make no sacrifice at all in spending, extends its taxing to the limit of the people's power to pay and continues to pile up deficits, it is on the road to bankruptcy . . .

"Taxes are paid in the sweat of every man who labors because they are a burden on production and can be paid only by production. If excessive, they are reflected in idle factories, tax-sold farms, and hence the horde of hungry tramping the streets and seeking jobs in vain. Our workers may never see a tax bill, but they pay in deductions from wages, in increased cost of what they buy, or (as now) in broad cessation of employment.

"Our people and the world are entitled to reasonable accuracy and reasonable prudence, and above all, they are entitled to complete frankness. They have a right and duty to place in retirement those who conceal realities and abuse confidence.

"The administration's appeal for sympathy is not based on any frank acknowledgment of failure of the policies so clearly portrayed by these tragic events. It is, on the contrary, a denial that these principles have failed. Indeed, it persists in the same course, and even presumes to ask admiration for the stubborn ruggedness of that persistence. "The budget is not balanced . . . "Would it not be better to . . . present the facts

● SERIAL STORY

NEW YORK JUNGLE

BY WRAY WADE SEVERN

YESTERDAY: Adam is dead, but Maria has only fainted. He lived, she tells Sidney she knows Adam is dead. Nelson suggests her uncle may have slipped, implied himself on the scimitar. But there is a bullet hole in his shirt front. Sidney orders all of them to remain together until police arrive.

MOTIVES FOR MURDER

CHAPTER V

THEY waited in the library for the police, while the storm continued in full fury. Rain beat against the windows. The heavens were a battleground of light and sound. Maria lay on the sofa, her long gown trailing to the floor, while the others tried to make conversation.

Braitwood called on each one of them for a detailed account of all actions from the moment the lights in the Jungle went out until the men returned with candles.

Pat and Nella said they had covered their eyes against the lightning; Gundrum and the valet had crossed to the table for matches, neither having any in his pockets; Hugh and Sidney had remained near the door on guard. Apparently no one had been looking toward the lionsess.

Pat said that Maria had become alarmed when the men remained upstairs so long. Adam had not spoken to them, and they had failed to hear Hugh suggest that he remain with them so they thought he had gone on with the rest.

Finally Maria had announced that she was going to find out what had happened. They had tried to dissuade her, but she had insisted and had left the table to grope a way through the darkness to the door.

Then, they had heard her scream.

Maria remained silent. Although Sidney had telephoned police headquarters as soon as they came upstairs, the officers did not arrive. Probably, he reasoned, the storm had made roads almost impassable. Static would hinder radio reception, if a patrol car happened to be in the vicinity.

"There's nothing to do but wait," the attorney said.

SUDDENLY Nella burst out, "I smell smoke."

Hugh smiled. "Nonsense. You're always smelling smoke, Nella," he said.

"A time-honored method of destroying evidence is by fire," Sidney conceded. "I can't smell smoke myself, but Nella's senses may be keener than ours. It will do no harm to make sure. And none of us has been smoking since

—since dinner."

"I look in Jungle, Mr. Braitwood. Maybe burnt match drop on animal's hair down there."

"No, Togi," Sidney said. "Gundrum, will you examine my gun? Notice that it has not been fired. Then run your hand over me and assure yourself that I'm not carrying any other weapon. Do the same with Hugh."

"My gun had but the one charge, and I fired that at the look as the cylinders will prove," Hugh added.

Gundrum searched them. "Just as you said," he announced. "Will you do the same for Togi and me? Then if there is a fire and we have to separate we can vouch for each other." No one suggested searching the women.

"Hugh and I will look for fire together," Sidney said. "That is, if you all are satisfied that we should."

No one objected. The two men retraced their way to the Jungle below.

The same darkness enveloped the place. Only the tiny flame under the percolator indicated the table; the animals and other pieces of furniture were shut out by the wall of blackness. Hugh picked up two candles, lighted them, and handed one to Sidney. "Why should Pat have used that antiquated percolator?" Sidney asked.

"I remember using an electric contraption in the past," Hugh was puzzled.

"Odd, too," Sidney went on, "that only one fuse blew out in the entire house. You know, Hugh, if an electric percolator had been used that flame would not be there."

"Obviously, but where is the significance?"

"There you have me," Sidney confessed. He groped about the room.

"ORIGINALLY the Jungle was two rooms," Hugh explained. "Adam had the partition removed. That's why the fireplace is in that brick pillar in the center of the Jungle. It may be there are two fuse boxes. There are two light switches. Adam planned to have all new wiring installed down here. But he never did. This is out of date, wires exposed . . ."

He pressed a button in a pillar near the lionsess and got no result. Then he tried the switch next the door. A flood of mellow light filled half the room.

Togi must have turned off the lights when he started to put in fresh globes. He was just putting

suarily to Congress and the people of the United States and secure the one sound foundation of permanent economic recovery—a complete and honest balance of the federal budget?"

The quotations above are from a speech made by Franklin D. Roosevelt at Forbes Field in Pittsburgh in October, 1932.

One System vs. Another

The coming election is not a contest between Wendell Willkie and Franklin D. Roosevelt.

It is not even a contest between Republican principles and Democratic party principles, although it is true that the Willkie campaign is backed by the Republican organization, and Roosevelt's by what is left of the original Democratic party.

It couldn't be a battle between Willkie and Roosevelt because Mr. Roosevelt hasn't time to campaign, debate or make "political" speeches. Willkie is campaigning, but Mr. Roosevelt is so busy dedicating dams and parks and inspecting defense preparations that he probably will be able to make only one or two addresses—so we understand.

This political campaign is being waged between two groups, one of which believes that the way to prosperity is to create scarcity, then import goods to make up for it; to pay people not to do things; to pile up a mountainous national debt and to deceive the people by saying it is a good thing; to encourage sit-down strikes and participate in world politics that do not concern us directly.

The other group believes the way to restore prosperity is to restore jobs and production, to balance the federal budget, reduce federal expenditures as soon as businesslike methods of management can be brought to play, build up the nation's defenses so as to decrease anxiety about the future, and take industry out of the doghouse.

The one group has sought to get the country out of the doldrums by tearing down. The other believes in constructive effort.

The world emergency has disjointed things so that, as of the present, there is very little difference between a Republican, old-style, and a Democrat, old-style. In fact, on some of the former issues, one has become the other.

But there is a vast difference between radicalism and Americanism.

What Washington Said

Certain New Dealers have said Washington never argued against a third term. Washington never foresaw that Chicago convention.

Here is what Washington DID say:

"There can not, in my judgment, be the least danger that the President will, by any practicable intrigue, ever be able to continue himself one moment in office, much less perpetuate himself in it, BUT IN THE LAST STAGES OF CORRUPTED MORALS AND POLITICAL DEPRAVITY."

Washington never had heard the voice of the Chicago sewers.

The only consolation representatives from Dixie get from the election of House Majority Leader McCormack is that he comes from South Boston.

Chairman Flynn chops a secretary from his Democratic committee—let the Chips fall where they may.

From Attorney General Jackson's speeches it must be admitted that he has the courage of his left-wing convictions.

NEWS BEHIND THE NEWS

By PAUL MALLON

(Distributed by King Features Syndicate, Inc. Reproduction in whole or in part strictly prohibited.)

Washington, Oct. 11—Real reason why congress refuses to adjourn is that the Republicans long ago wholeheartedly agreed the continuance of congress was necessary to prevent FDR from taking steps which would lead to war, and a group of about 40 house Democrats have taken the same view.

Roosevelt's marshals have done everything possible to get them out of town in accordance with the wishes he publicly expressed as far back as June. They called Democratic representatives back recently from the campaign hustings for argument and a check. The canvass showed that despite the Democratic majority of 90 on the roll of the house, they lacked 30 votes of passing an adjournment resolution.

None of the wary ones claims to have any information on what Roosevelt might do if they adjourned. They are merely working on the assumption that their presence will act as a restraint.

Well-steered rumors were around town a week ago suggesting a break with Japan was possible before election. These finally crept into public print the middle of the week. But they could be traced to the growth of alarm opinion in the cabinet and defense branches of government, rather than directly to the White House. (Forecast in column of Oct. 7.)

In fact most of the internal evidence the congressmen have received has been of a quieting nature. The senate cloakroom has heard confidentially for instance, of the experience of Senator Homer Bone of Washington with the president at a conference some weeks ago.

Bone, contending that one particular step the president had taken would lead to war, expressed to him a willingness to bet even money that this country would be in conflict within three months.

Mr. Roosevelt shot back an offer of 5 to 1 that the country would not be in war within six months.

A small group of strongly placed men in the state department are quietly disagreeing with the course of the Far Eastern policy. Their view is that this country is hauling 9 British chestnuts from that fire for every one of its own. The British stake in the Far East is ten times ours by any material measurement.

The dissenters are keeping quiet, however, because even unofficial expressions might weaken the hand of the administration in dealing with the crisis.

No important split will develop, or even become apparent.

Heartening Republican polls are coming in to the National Chairman, Joe Martin, but are not being made public. His private survey of New York state claims 63 per cent of the upstate vote and 37 of the New York City polls—which is not far away from the figuring of most unbiased politicians. It is solid enough for the Republicans to hope for a slight edge in that most important state.

A compilation of replies received from Democrats circulated by a Willkie organization has likewise given Martin ground for expecting a large secret vote. From 600,000 cards sent out, 200,000 approving replies were received, an unprecedented percentage in such type of survey.

Ex-Assistant War Secretary, Louis Johnson, the wandering boy of the New Deal, is not going to wander into the Republican camp. Some consultations were held which gave rise to Republican hopes and rumors. But Johnson has decided definitely his political future lies on the Democratic side.

His associates are boosting him for the war secretaryship in expectation of Henry Stimson's early retirement. Stimson's health will not permit him to continue indefinitely.

After the appearance Monday of this column's forecast that ex-labor board Chairman Madden would be sidetracked for a Perkins labor survey in Canada, details were offered Monday and Tuesday. Madden left on the Canadian mission Wednesday.

Morning After the Night Before

Did you ever see anything like that Kelly to Shank pass and the romp for the goal? Where have they been hiding Dixon's aerial attack until now? At least one substitute earned first team position last night and that's Cyril Shank. Dixon used the same strategy in downing DeKalb as Sterling employed and matched the Scheidmen in the triumph. Sterling won 38 to 6. At least the Barbs did not cross the Dukes' goal line although they threatened at least once. Dixon's band, under the direction of Orville Westgor, put on a fine between-acts show last night and new formations of D. H. S. were well executed.

Encouraged

In picking the seven neighborhood football games of last night we were correct on six and missed on the one in which we sacrificed good judgment for the sake of a limerick. The cross-up came at Belvidere where Princeton lost 13 to 0—and we feel we should have known that. Others were Dixon over DeKalb, Rock Falls over Polo, Oregon over Amboy, Mendota over Geneseo, Rochelle over Morrison and Sterling over Community. The percentage is .857.

Cheer Leader

John Sullivan, graduate of Dixon high school last spring, is now a cheer leader at Loras College at Dubuque, Ia., where he is enrolled as a freshman.

Alumni to Practice

Coach Charles Roudy has announced that the Alumni grid squad will hold its first practice tomorrow morning at 9 o'clock at the high school athletic field. The Dukes will meet the grads in an annual game on the night of November 8 in the windup of the season.

Injuries to Barbs

The Dukes treated the Barbs pretty rough here last night and a couple of unintentional injuries resulted. Alms, a player in the frosh-soph game suffered a broken wrist and Davis injured his ankle in the varsity conflict.

Mendota Defeats Geneseo

Mendota, taking a breather from the North Central conference wars, nosed out a 7 to 6 victory at Geneseo last night. The two teams fought through a scoreless first half and early in the third frame Swanson of Geneseo romped 73 yards for a touchdown. The extra point attempt failed. Geneseo kicked to Mendota and on five plays of passing the visitors worked the ball to the 37 from where Seno romped to the touchdown. The try for the extra point was good. The last quarter was scoreless, although the end of the game found Geneseo deep into Mendota territory. Next week the Dixon Dukes go to Mendota for a conference game.

To Iowa City

Coach C. B. Lindell, who with Dr. S. P. Stackhouse, will attend the Iowa-Wisconsin game this afternoon, is torn between two desires. As an Iowa graduate he leans heavily toward the Hawkeyes, but one of his former players, Don Miller, is a star backfield man for the Badgers. And to complicate matters further, Gerald Ankeny, also a former Dixon star under Lindell, is working at quarterback for the hosts.

Gold Finals Tomorrow

Bill Witzleb and Ken Detweiler will meet for the windup of their golf match tomorrow afternoon to decide the city championship, in 18 holes at the Country club. Detweiler representative of the Country club, stands three up on Witzleb following their first rounds last week at Plum Hollow. In the Class B flight Em Rorer is scheduled to meet Fred Hofmann and in Class C Trautwein meets Elwin Wadsworth.

Forreston Wins Title

Forreston yesterday won the softball championship of the Route 72 conference by defeating Ashton, 9 to 8, at Leaf River. Ashton out-hit the rivals but 12 fielding errors failed to bring support to the pitcher. The winning battery was composed of Alberts and Duitman with Chapman and Grover for the losers. Ashton got eight hits to seven by the winners.

To Game at Evanston

Dr. and Mrs. Warren G. Murray left last night for Evanston where they are attending the Northwestern-Ohio State football game this afternoon.

Attendance

Estimates on the total attendance last night at the game were set between 1,400 and 1,500. This did not set a new night game record. Less fans came from DeKalb than came from Mt. Morris for the season opener.

"Gabby" Coming Wednesday

Leo "Gabby" Hartnett, manager of the Chicago Cubs, and a close friend of Buddy Seisler of Chicago, will arrive in Compton early Wednesday morning to be guests at the home of Mr. and Mrs. Henry Chaon until the close of the week. Gabby will spend Wednesday and Thursday in the blinds at the Chaon hunting preserve at the opening of the duck hunting season, where he plans to spend several days during the fall.

and Lincoln. Points after touchdowns—Belvidere: Miles (place-kick).

Belvidere, climbing up in

fame after a poor start, last night entertained the Princeton Tigers and thumped them, 13 to 0 in both the sophomore and varsity games.

In the major conflict of the North Central conference program, Funderburg heaved two passes for the score. One in the second quarter, was tossed to Lincoln after the BoBone county hosts had worked the ball to the Princeton five yard stripe. Lincoln carried the first score, but the try for the extra point failed.

Driving from their own 30 yard line in the third period Belvidere marched down the field for another goal when Funderburg heaved the pigskin to Blake for a 33 yard gain to the Tigers' five-yard line and on the next play Funderburg tossed the ball to Miles who carried it across into pay territory. Miles place kicked the extra point.

Next week Belvidere goes to Sterling and Princeton will entertain DeKalb in a homecoming event.

Every third pig killed by the government a few years ago made a delayed trip into heaven here last night as the Dixon Dukes filled the air with so much inflated leather that the 27 to 0 blackout of the DeKalb invaders looked like a London balloon barrage.

For the first time in three years the Lindellmen turned back the North Central conference foe as they capitalized on the Barbs' weak pass defense to stage an aerial attack which could be described only with the Hollywood superlatives stupendous and colossal.

Shining in a firmament of stars was young Cyril Shank, substitute end, who took a long pass from Kelly, skipped and cutback to evade three tacklers for a third quarter touchdown. The passing-running combination was good for a gain of 69 yards and was one of the most brilliant plays ever executed on the local field.

Throughout a first half the Dukes looked fair, but before the second period was over they had discovered that by passing over the head of the safety man, they could outsmart the Barbs just as Sterling had done a week before.

Kelly's Passes Superb

Kelly, who had been depending on brute strength to carry the ball for Dixon had been considered one of the team's best ground gainers, but when he opened up to a superb and accurate passing attack—reminiscent of the Mt. Morris game—the jig was up to the Barbs. The combinations of Kelly to Shank and Kelly to Shultz were tops in performance.

Standing right along with the touchdown stars was Robert Sanborn at fullback who drove through the line for a total of 45 yards or an average of 3 yards every time he carried the ball.

Padilla, who replaced Kelly as pigskin heaver in part of the game, tossed three long passes and completed two. Kelly threw seven of which three were completed. Weidman picked up 25 yards by rushing.

Ground gains on passes and rushing were made possible only through the coordination of a Dixon line which blocked and tackled with precision and paved the way for the touchdown.

129th Infantry Band Gets Order for Its Induction

(Telegraph Special Service)

Mt. Morris, Oct. 12—Orders governing the induction of the 129th Infantry Band into Federal Service for one year's training were delivered Friday to Captain Howard Bronson, Warrant Officer Lee Douglas and Technical Sergeant Robert Middlekauff by Major Clifford Hodgins, Plans and Training Officer of the 129th Infantry.

On January 3, 1941, the 33rd Division, of which the 129th Infantry is a part, will be formally inducted into the Regular Army. Units of the 129th Infantry will be sworn in at home stations where they will remain for approximately ten days and then proceed by train to Chicago at which point special trains will be made up for the trip to Camp Peay, Tennessee. Camp Peay, named for a former governor of Tennessee, is situated near Tullahoma, a small city some sixty miles from Chattanooga and equally distant from Nashville. Barracks are being constructed for the housing of the personnel of the 33rd Division which will eliminate the use of tents while the troops are stationed in the permanent camp.

Instructions delivered by Major Hodgins to the Band include the procedure to be followed in preparation for induction. Foreseeing the possibility of active service, Captain Bronson has been replacing married men and those known to be otherwise disqualified for the year of regular army life. Practically all present members of the band are qualified to serve and all are desirous of doing so. Vacancies have been filled with care in order to maintain the high military musical and moral standards of the 129th Band.

Included in the band are several qualified teachers in academic and musical subjects and it is planned to make available to bandmen the privilege of continuing their studies, completing high school courses or securing advanced instruction in their instruments, and in theory, history and harmony. It is the intention of Captain Bronson to return the men of his command to civil life at the end of the year better equipped musically, physically and academically than when their service began. To assist him in this phase of the training he will call upon Warrant Officer Douglas, Private First Class Arnold Thomas, Director of Music in the Mount Morris Community High School, Corporal Carl Krunberg, Director of Music, Leaf River Community School; Private First Class Dick Bentley, Cornell College; Private First Class Robert Brown, Illinois College; Private First Class Dick Hedrick, Illinois Wesleyan; Private First Class Warren Zehr, Illinois Wesleyan and Private First Class Dick Doyle, University of Illinois. Captain Bronson's duties as Regimental Adjutant will require considerable time and attention but a splendid staff of non-commissioned officers and the spirit of cooperation which prevades the organization assures Warrant Officer Douglas and Captain Bronson that every member will strive to make the 129th Infantry Band the Army's finest.

While a few changes may be necessary the roster of the Band at present is:

Captain Howard C. Bronson, Commanding Officer.

Warrant Officer, Lee I. Douglas, Band Leader.

Staff Sergeant John Goucher, Assistant Leader.

Roosevelt's Radio Message "Insult," Says Denver Priest

Let a Democrat testify concerning the third term and the ambition of the man who seeks it. The following is by the Right Reverend Hugh L. McMenamin, rector of the Cathedral of the Immaculate Conception at Denver, who was born into a Democrat all his long life, is still a stalwart, uncompromising Democrat—but not a revolutionary. No comment concerning his statement is necessary; it speaks for itself. He said recently for publication:

"If President Roosevelt, against all precedent, answering, as he admits, a quiet voice known as conscience, submits against personal wishes to a so-called draft to become a candidate for a third

term, as president of the United States, then I, a humble priest, who am first an American, listening to a voice of conscience, that marches like an army with drums and banners, call upon free Americans to join with me in organizing an offensive against an inevitable dictatorship for this country.

"Never, in a long life crowded with events, can I recall such an insult offered to the intelligence of American people as that included in the message by Franklin D. Roosevelt, transmitted by radio to the delegates at the Democratic national convention in Chicago, in which he states the motives for acceptance.

"Did he imagine as he sat at his desk reading that speech that the people of the United States are so dumb as not to know it had been carefully prepared?"

"Does Franklin D. Roosevelt imagine that he can hide a consuming greed for power and more power under pleasant words arranged to emphasize the virtue of self-sacrifice?"

"Do the people of America, the women and men who will cast the votes in November, believe for a minute that the delegates had a free choice in the selection of leaders?"

"We are not dumb! And because we are not dumb and because our intelligence can resist, insult, we must, as loyal Americans, holding to policies laid down

by Washington and Jefferson, defeat Roosevelt at the polls.

"Otherwise America as we have known and loved it is gone.

"This is not the first time we must put service to country above party. This is not a privilege but a duty. Never more earnestly than now must we accept the duty.

"A third term, which Roosevelt has accepted, savors of dictatorship.

"Dictatorship savors of war. Roosevelt as a third-term president will continue as commander-in-chief of the army and navy. Looking forward to the boring-in of the old Pendergast-Hines-Leche gang rotating in Washington, we will find ourselves like the South American republics under that sort of arrogant dictatorship.

"When Franklin D. Roosevelt said, 'I do wish to continue as president' he tossed an insult to me and every thinking citizen.

"Does he imagine that millions

They'll Do It Every Time

of Americans, capable of thinking for themselves, will believe that he meant a word he said or that the acceptance speech had not been carefully prepared long in advance?

"Did Mrs. Eleanor Roosevelt, who appeared at the Chicago convention, think we would take seriously her amazing statement that she was surprised to learn that delegates did not think themselves free to vote as they wished?"

"Both were flouting the intelligence of the American people! 'The only way we can preserve the policies of Washington and Lincoln, which are the foundation stones on which this government rests and has developed, is to defeat Roosevelt.'

"An individual's lust for power and inability to gage the intelligence of people has worked for their benefit before. It will work again for their benefit and salvation. But we must organize our forces, too. That is why I call on free men and women to join me in a walk to save America and its precious institutions from what will be inevitable dictatorship if Roosevelt wins again."—Cheyenne Leader-Tribune.

Pears Unsold, New Deal Ships in More for Relief Foods

Salem, Ill. —Carloads of select Bartlett pears, wrapped individually in colored tissue paper and packed in boxes, are being shipped here from California for distribution to persons on relief in southern Illinois where local pears are so plentiful that thousands of bushels are expected to be left to rot on the tree.

Two carloads of California pears en route to Marion in Williamson county were iced here at the Salem Ice company. The freight bill on each of the cars of reliefers' fruit was \$528, exclusive of the cost of icing on the cross country trip.

Southern Illinois merchants seldom have any sales for such expensive pears. But they dislike of the New Deal competition is mild compared with that of local growers who expect heavy losses because the price of pears already is too low for profit and the difficulty encountered in hiring pickers.
